

## **2015 Board Goals**

In January, the Board has its Annual Retreat to orient Board members to the responsibilities of the Board and our Policy Governance structure. The Board adopted goals for 2015 are:

- Guide the process of implementing the 2015-2020 Strategic Plan with the Congregation.
- Review the Church's approach to stewardship and consider a revised Charge to the Stewardship Committee.
- Review the Board's role in oversight of the church's assets, i.e. facilities, and consider our approach to property management.
- Learn from the results of the Audit and consider involvement of the Financial Review Committee in implementing recommendations. Consider how we share financial data with the Board and Congregation.
- Engage with the Congregation and visitors; be "ambassadors" and support our vision of community.
- Clarify relationships and roles between the Board and Congregational Committees.
- Complete documentation of church policies and history with Senior Minister.
- Support Associate Minister during Senior Minister's sabbatical.
- Support Ministerial succession process.
